WEDNESDAY 8 JUNE 1955.

Ghalaprabha

Dr. Vaidya, his brother, his wife & two Kids left Ghalaprabha with Nagappa as an escort. Many of the staff had gone to the station to give him a send off.

We left Ghalaprabha at 1.40 P.M for Belgaum Enroute, 4 miles away from the Institute the first Ambulance, a gift of the United Service Committee of Canada, was seen by Dr. Balakrishna. We asked him to follow us to Belgaum so that Dr. Vaidya could see the same with his own eyes. Dr. Mahajan, Dr. Balakrishna and myself were the party. We went to the Aerodrome met the party flying to Bombay. After the plane flew we returned to visit Bhimrao and Puranik to the city & went to the R.T.O. office for registration. Then after paying a visit to Bhimrao's house & the Rly. Station we left Belgaum for Ghalaprabha.
At night we rec'd. a call from Dr. Vaidya for safe arrival there at Bombay.
The ambulance was worshipped by the staff at night 10 today.

Jointly between us we have taken the following decisions and started the work.

1. Garages should immediately built on the road to the T.B. Clinic between Bhanuso present residence & the Animal shed. Water Tank Road should be extended towards the Border as far as our boundary.
2. All half-finished latrines & bath rooms should be completed at once. Instead of slabs cement sheets should be used. There should be a general septic Tank on the north of Mantri's Vegetable garden. This work must be ready before the 15th July.
3. The residence building that is now under construction should be continued with the alterations suggested and the additions mentioned by Mr. Nimbkar.
4. The Jeep ambulance needs addition. Suggestions & opinions of Drs. Balarkha & Vaidya should be taken and the same with the Ambulance should be handed over to B. Ramrao Pandkar.

Bhatāprabha

The Canteen takes 40/- Rupees per head from the office. This is too high a rate that is charged even though prices of grains and some other commodities had come down. Nagappa was told about it some time back, but nothing was done by him to reduce the rate. This must be stopped. From the 15th of this month the office should pay 30/- Rupees only per person per month — not a pie more. Nagappa also should be told to make the necessary change.

From the 15th the new man should take charge of the Canteen and work under the direction of Nagappa. Nagappa should give him the necessary help in effecting improvements and improving the entire menu & method of running the Canteen.

Dharwar in the late afternoon.

Presided over the "At Home" at Lockdown to Shri Bandu Madhav Burli, a life long worker of Congress. Burli and his brothers Shantha joined the H. Seva Dal at the very beginning and stuck up to the organisation. This "At Home" was given by the Seva Dal workers of Dharwar to honour Bandu Madhav Burli who is still at his post. It was a pleasure to meet some of the old workers of the Seva Dal come together and take part in this function. The entire picture of the work done and activities carried on during the last 35 years by the Seva Dal passed through my mind's eye like a fast moving picture on the screen. Ah! What a beautiful picture it was!! One should be satisfied with the work done by oneself during such a long time. But am I? The answer was a definite No.

Bread and tea or Coffee should be served to Nurses working at night. Ward boys and watch men should also be served. Those who serve at night usually do not take their evening meal. Hence the necessity of giving them midnight tiffin. But those who are served the tiffin should behave properly and eat clean food and Keep their kit clean and tidy.

Vimal Kulkarni came again from Belgaum to meet me and gave me her report. I was glad to hear from her about the progress she had made so far in Delhi. The girl seems to have become bold and her vision broadened. A few more months' stay in Delhi will make a MAN out of her and then she will be in a position to be a good adviser to the rest of her colleagues with whom she has to work either in the institute or in the Women's Hospital

Work was progressing, though slow. Difficulties arise, one after the other. Facing the same is a difficult job. as all that is necessary to work out a plan is not at hand. FRIDAY 22 JULY 1955

Telephoned Smt V. Mahajan, once at 6 P.M and then again at 10 P.M.

Ghataprabha Attended [illegible] at the P.W.D. Colony.

A letter from the Registrar of the Bombay Nursing Council, Bombay blocked all our plans and made us think and think about them. He had, in his letter, clearly stated that he would not allow the candidates to be divided in the manner in which we had decided. This order did upset all our plans and for a time we didn't know what to do. We had made rapid changes in both the places — Ghataprabha and Hubli. 15 candidats were to join Ghataprabha and 15 at Hubli — Thus a total of 30 to be trained simultaneously for two years in both the places. None of these two places was able to accomodate 30 all at once. He wanted us to finish the Nursing course first at Ghataprabha and then take up training at Hubli. That meant only a small number could be taken — say about a half — at Ghataprabha first and then send the same batch to Hubli after 9 months. Hubli's programme was thus shattered. It was therefore decided that SV. Vaidya should run to Bombay, meet the concerned, get the whole thing cleared and come back. [illegible]

[illegible] was performed at the Matinee

SATURDAY 23 JULY 1955.

Had a telephone conversation with Dr. Vaidya at Bombay at 10 P.M.

Shantaprabha

A meeting of the Governing Body of the Women's Hubli was called today at Hubli; but due to the absence of some of the members of the Body, the secretary decided to hold it on the 24th. For this change he took permission of the President and some of the members of the Governing Body. Important agenda was to be discussed in this meeting. (1) To make necessary arrangements for the training of Auxiliary nurses and midwives (2) To make an appointment of a half-time Doctor for Family Planning centre (3) To fill up the vacancies on the Gy. Body created by the deaths of the Shri Valvekar and Shri Hubli. It was not possible for me to attend this meeting so I could not leave Shantaprabha for the simple reason that there was much to do here. Moreover Dr. Vaidya had left last night for Bombay in order to get a few points cleared from the Registrar of the Bombay Nursing Council and some members of the same. My stay at Shantaprabha was thus necessitated. I had therefore to request A.V. Mahajan to speak to Mr. Mathuradas, Mr. Madiman and to Ramrao Shevade and then to telephone me. The meeting was postponed sine-die. It will have to be called again in order to settle the same points.

SUNDAY 24 JULY 1955.

Ghalaprabha

Met K.H.Venkatramayya in mail train proceeding to Hubli from Bangalore. He had brought a letter from Dr.Vaidya re. the work he had done in Bombay.

Again at night 10 we had a conversation with him at 10 P.M. From Nimkar's residence he spoke. He will be back here on Tuesday by mail. Work here was in progress. Half-day was off for most of the workers. Therefore workers did not turn up in the afternoon. This day, as per some पंचांग Nag-Panchami was observed by many.

MONDAY 25 JULY 1955.

Ghatapratha

Gangutai arrived from Hubli at 5.30 P.M by mony Local

1. Have 4 Blue Prints of the Site Plan showing layout of buildings as on August 1, 1955. One each of these is to be Kept at (1) the Guest House, (2) Main Office, (3) T.B. Clinic, and (4) Dr. Vaidya's residence. On the blue print ~~shows~~ mention in one corner (1) the exact acreage ~~area~~ belonging to K.H.I. (2) The exact number of buildings Latrines, Wells etc. (3) the age of the Institute etc.
2. Have a marble slab and paint on it all that is mentioned above. Erect the same near the Ghanthi memorial Slab. I hope this is feasible to do. If done, all the Visitors who go to see the garden and who pass through the road near the Memorial slab would see and study it and get a full idea of the Institute topography.

TUESDAY 26 JULY 1955.

Ghalaprabha

A busy day here on account of making arrangements for the nurses training school. The progress has been very slow due to various causes, the important of which was the difficulty caused by the Registrar of the Bombay Nursing Council regarding the admission of ~~students~~ candidates that we had planned. Unless the trainees were given full training in nursing at one place first they wouldn't be permitted to get mid wifery training. That meant that we could not begin training at both the centres simultaneously in two different subjects. Dr. Vaidya who had gone to Bombay to meet the members of the Council was waiting today and give us an idea of what had happened. But he did not come. So, we could not make any rapid progress in the planning and executing the work undertaken. Nor could we give any idea whatsoever to Dr. Mahajan about the steps she had to take in making necessary preparations for starting work in her hospital. Such was the situati

Attended the meeting of the Governing Body in the evening at 5.30. It lasted until 8 P.M. Many questions were thrashed out.

THURSDAY 4 AUGUST 1955.

Hubli

Shri Bindumadhav Burly came this A.M. from Dharwad with R.S.H and wanted me to have a talk with him regarding the dispute between him (R.S.H) and Venkatramayya. Venkatramayya also came. There were long and prolonged discussions between us all. Nothing much came out of these discussions and talks with each other.

FRIDAY 5 AUGUST 1955.

Hubli:- Shri R.S. Hukkirker was received at the Village Industries. Then he visited the Women's Hospital at 9 A.M. and addressed the trainees as well as the old students who were already being trained. The class with nearly 28 trainees looked full. The doctors who train them were also there. I did introduce R.S.H and spoke for a few minutes at the beginning. Also I Concluded by touching some of the points raised by R.S.H. in his speech. Whether the trainees understood the speeches of both is yet a question.

SATURDAY 6 AUGUST 1955.

SUNDAY 7 AUGUST 1955

Had a busy day Today.

WEDNESDAY 10 AUGUST 1955.

Arrived in Bombay by the Deccan Queen at 10.35 A.M.
Did telephoning to all those with whom I had to talk about
the work of the Institute and the Women's Hospital.

THURSDAY 11 AUGUST 1955.

Bombay

Had been to Dr. Wengankar, Mrs. K.H. Kabbur and to Shri R.V. Marathe the P.M.G. Had long chats with all of them regarding the work of the Health Institute and the Women's Hospital of Hubli. Informed Dr. Vaidya & Dr. Mahajan about the talks with the above persons.

I was sorry I could'nt meet Nimbkar. He had left for to Delhi for important work. I have now to meet him at Delhi and get some points carified

Mrs. Nimbkar wants Dwaraka to take Nursing Course instead of waiting for the course of O.T. She was willing to admit her in June 1956 provided she waits that long and promises to serve the Health Institute after she gets the training. I have informed Dr. Vaidya accordingly now.

Karmarkar had invited Rangaiah Hangal, her husband and daughter to his Office in the Parliament. She came at about 11-20 A.M. and later she was invited by D.P.K. at his house on Sunday, the 28th at 10 A.M and sing Bhajans. If her daughter is well she will sing or not. Anyway I will certainly do it in a transitory period.

At 3.30 P.M. I went to the office of Rajkumari A. Kaur's office in the N. Block as per her appointment time. We wanted to discuss all the points with her

Had a discussion with Miss Adenwala. Dr. Mrs. S Bhatia also was there. I had to open the same subject again and ask her so many questions re. Aux. Nurse Midwife's training. Showed her the certificate of Mary and Champa which I had received 2 days ago She has promised to write to the friends concerned about Mary's case.

Had been to Malliya. Spent two hours in listening to the fascinating story of the work he was doing. It is difficult to find a man of Malliya's calibre in the present day workers & leaders. He has a fund of Knowledge and knows how and when to use it. He is a fighter but a very cautious one. Mrs. Kagal was phoned to for a copy of Arsh-Nath case

Had a talk with Mrs. Durgabai Deshmukh about Auxiliary Nurses and midwives training now given at Ghatkoprabha and Hubli.
As at least 12 girls are to be employed by her department in Bombay State after they are trained, her contention was that the Bombay S. Welfare Board ought to have interviewed the girls. Now that it has not been done for some mistake or the other she wanted it to rectify. How she does it, I don't know. I have wired to Dr. Mahajan & Dr. Vaidya to send a list of all the Trainees.

Along with Dr. Mrs. Bhatia went to meet the Canadian High Commissioner at 4 Aurangzeb Road. For nearly 40 minutes we were there. As the Commissioner had expressed his desire to see the working of the Ambulance given by Hitkari Mandal we invited him to visit the K.H.I. He agreed to do so. Probably in January 1956, he said, he would be able to visit the same. I found the Commissioner to be of sweet temperament. He showed keen interest in knowing facts about India. He wants us to go there at the end of September '55 for tea. The date, time & place are to be decided.

Had phoned Vimal about her oral examination. Inquired her about the letter written by me to Miss Kokab about Vimal herself.

At about 6.45 A.M. A Trunk Call from Hubli Came. Mangoli, Rama and Mahajan spoke for 6 minutes. They wanted to know whether a tender was to be given for A.I.C books publication. They had written to me about it but I had not replied to them on that point. To give Tender was a question which meant money. A lot of money was needed for depositing, purchasing paper, preparing blocks etc. If permitted them to go ahead. Decided details to when I meet them in the 2nd week of this month.

Vidya was ill with fever. Saroj's fever had not yet come to normal. Doctor was attending to them regularly. I love all members of the family. Whenever some one falls sick like this I feel sorry and worried.

Had been to the Lady Reading Health School in the morning at 7.45 to meet and talk with miss M. Kolatkar the Superintendent. Spoke to her about the auxilliary nurses and midwives training that we are now giving in Bhalahatta and Hubli Casualty of course about Vimal Kulkarni who had failed in all subjects. We have to see as to how she makes progress further. If she is serious in her attempts at study and has the keen to dedicate her life for the service of her suffering sisters we must go on encouraging her and helping her to develop that very quality. Bookish knowledge should have a 2nd place in making our selection for unselfish service.

Mr. Bhat of the A.I.R. had come thro A.M. to pay his respects to me. Stayed for half an hour

Mr. Hanamanta Gulbal and miss Chandrika Rao decided to marry each other and informed the elders of their families. Elders of both the parties having agreed it was decided to announce the same to the friends and relatives. A small party was held today the couple was blessed by Dr. Radhakrishnan, Mr. Mavalankar and mrs. Mavalankar, Mr. Anant Shayanam, Mr. & mrs. Dalal, Mr. & mrs. Ramaiker, Mr. & mrs. Reddy, Justice Chandra Shekharayya, Mr. R.R. Diwakar, mrs. Shirade, mr. & mrs. S. Mallya, Mr. Algwan Shashi and others. The function was a nice and excellent one. Photoes were taken on the occasion.

Had been for to Anand's for lunch with Vimal. 9 campers who were now undergoing training in the office were also invited. Madhya Bharat, Madhya Pradesh, Bengal, Bombay, Gujarat and T.C. States were represented. Had a chat with them all.

Vimal came to 10 Akbar Road at about 9 A.M. today. She came in a Tanga. She said that a cyclist followed her Tanga and was asking a number of questions about her. He wanted to know from her where she was going, whether she would introduce him to the inmates of that house to him, whether she lived, whether every Saturday and Sunday she goes out, whether she would go with him to a cinema this afternoon and so on. She was afraid. She did not reply to him. He came as far as the gate of 10 Akbar Rd and then went away. She said she would not come out again alone like this. I have assured her that henceforth she would be brought to 10 Akbar either by me personally or I would send someone to fetch her. She should not worry. I reached her to her hostel at 8.50 P.M.

Attended Central Advisory Committee for the Territorial Army and the National Volunteer Force at 3 P.M. in the Defence Minister's room at the Secretariat. Minister Kaitju presided. I came to know today that Panditji had recommended my name in the last meeting. Thus I was taken in the new set-up. Mr. S.M. Joshi of Poona was also a new member. Mr. Dasappa, Mr. Pat Naik, Mrs. Basrat Ali Mirza of Hyderabad, M. Raghuveer Singh of Rajasthan, Mrs. Amchela Kripalani, Sardar Hukam Singh were amongst those who were present. The meeting was an Informal. An ordinary Tame affair. Came home with Baker Ali Mirza of Hyderabad. I must get all literature on Territorial Army from the ministry. I must read & study the same in order to take part in the discussions that take place in the meeting.

At S.V.K. Rao's house with Rangaiah and Ramu.
It so happened today that My stock of Char Minar
Cigarettes had exhausted. So, I ~~searched for~~ those cig-
ratte. I did'nt get even one in the city of Shimoga then
Who were going to Harihar Station were requested to pur-
chase them there and bring with them to Shimoga for
my use. At Shimoga itself some other brand of Cigarettes
were purchased for me. I took one out of them, smoked
but as usual I did not relish their same so, I kept
that stock aside and awaited the arrival of Char
Minars In the meantime it so happened that a mild
attack of influenza made me lie down at S.V.K's
Due to dependence for every little thing I ate less of
Supper and smoked no cigarette at all somehow after
that, Since the noon of this day I did'nt eat anything and
did not like to smoke a cigarette. There was no craving
at all for either of them By the night the stock for Char
Minar had come from Harihar and I was told about it.
I did'nt take any possession of that stock. I allowed the
stock to be where it was. That whole day, except in the morning
for about 3 hours, upto 9 A.M., I did'nt eat anything nor
did I smoke Cigarettes Craving had disappeared.

When I was near the Library building in the morning I saw Dada Shende and Bhaurao Patwardhan of Bagalkot coming towards me. They came to see the K.H.I. They were taken round by Mr. Mantri. Bhaurao wanted me to look into the matter of promotion of one Mr. A.V. Kulkarni who was serving in the Postal department for the last 25 years. He wanted me to do something for his sons also. For the first time in life he told me about the wrong steps he had taken in the past in undertaking business which was not his own. He spoke about his own economic crisis.

We had a cinema show on our Play-ground. The show was organised by the B.C.G. staff which is now working in this area. Most of the recruits of the N.V.F. would be camp workers opened on the 31st of this month along with their captain Mr. Hussain was there. All-told about 400 people saw the show.

Four of our people were sent to the N.V.F. Camp for being trained as Volunteers. Mr. N.M. Deshpande was sent but was refused admission as he had skin disease. He came and narrated the story to us.

Interesting talks went on today in Hubli. At about 8.30 in the morning Shri Vamanrao Apte came home with Devidas Madiman who wanted to know how, without money we were going to build the Compound wall of the Women's Hospital. I told him about the 15,000/- which we had received from the Health department of the Centre. Then casually he referred to the Vacancies created on the Governing Body and the discussion they had in the last meeting. I requested Devidas to settle the matter amicably and then get it formally passed. He was willing. So, we all went to Mathuradas, the secretary of the Society.

Bhaskar gave me the registered letter I had sent from Rome. I took it to the Council Hall and was told that that Certificate was not the one that was wanted. So, I had to get in touch with the Collector, Dharwar and request him to send a certificate giving my serial No. in the Parliamentary Constituency of Dharwar North. The Collector of Dharwar was out of station when I telephoned him from Nimbkar's office. So, I had to request Mr. Sabnis, the P.A. to him to send me the Certificate by the system of post-Express delivery. I asked him to send Assembly Certificate also Parliamentary Constituency Certificate which were necessary for filing the nomination papers for Rajya Sabha. From Sylvia's house I telephoned to R.K.S. and asked him to go to Dharwar, see Sabnis and expedite the dispatch of the document that I needed. I had also telephoned to Dr. Vaidya for enquiring about the health of Dr. Mahajan and saying that I would reach Phaltan on Wednesday, if not on Tuesday the 28th of this month.

At 6.15 in the morning Dr. Sontakke's Call from Hubli came. Rama ends on phone. As Ashok Nagar was not on P.M's programme they spoke to me and asked me to see that that work was done. Our information was that the P.M's Secretariat had been told about the quarrels that in the Hubli Municipality and they were making enquiries about the same. Also, the P.M. would'nt have time to go to Hubli as scheduled on the 31st of this month, but may go in the middle of April. However, his Secretariat here was to be kept informed about the Hubli programme. In the evening and at night I had a talk with Mr. Neogi about P.M's visit. He read out the details to me on phone — details about the draft programme of the P.M. which he had received when he was at Hubli on the 5th & 6th of this month. They have included the women's Hospital in the programme, but have not paid any attention to the Ashok Nagar's proposed function. It must by hook or crook be included even at some sacrifice to others.

Umabai came from Dasappa's residence. I narrated the conversation that I had with Devidas Madiwar about the women's Hospital about a month back & gave her a copy of my letter to him which contained a gist of the conversation that I had with him then.

Oh! how everyone was anxious to reserve a chair for himself !! At least a front seat place in the photograph. Three or four of us decided to sit on the floor at the feet of the Prime minister and the Vice President we did – and we were all glad for that. This year, the Rajya Sabha Secretariat had reserved chairs for ministers etc. So, unlike last year the Vice President and the P.M. could get a chair when they arrived. We the old some friends who sat at the feet of the PM and the V.President last time got together and decided to sit at the same place again. Accordingly we did. Some friends wanted to know the reasons why we adopted that even this time.

} Regarding my leaving Delhi on Tuesday 20th by 4 pm for Bombay

Had been to Talkatora Gardens to witness the parade of St. John Ambulance organisation. Seven women received prizes and medals from Lady Mountbatten. Vimal has come there with the girls of her school. Had to ask Miss Advani to give me a lift to the Congress Office. She was good enough to do so. The parade was not a perfect thing.

Had a Call from Hubli this morning at 6.15. Ramu spoke and gave me information about the girl who had run-away from Ghatalpattha. Also about the Ashok Nagar of the Navanirmitan Cooperative Housing Society of Hubli. N.V. Sankakka also spoke. Home assured him of coming him about it. N.V. Sankakka was telegraphed as follows:-

"Go Bombay immediately. Urge Morarjibhai through Hutkikar to include Ashok Nagar item in Pandiji's programme. Municipality also should wire him for inclusion. ~~Hutkikar~~ Otherwise very difficult. Hardikar"

Had received B.R. Kulkarni's wire regarding Unity in the municipality. Hence wired to Ramu as follows:- "

Had been to the Supreme Court to get an affidavit made regarding Vimal Kulkarni's name. She was asked to come for that purpose. This work was done today at about 1.30 P.M.

Then I went to Srinivasan Mark enquiring about P.M's Hubli programme. Had been to his house at 6.30 P.M. left the same at 7.30 P.M.

Wednesday 21 At Bombay

Reached at 4.30 A.M.
As soon as I reached home Mr. Kanubhai B. Mehta came and began to narrate the whole story again about his affair. I told him that what had happened at Delhi on the 14th when his friends saw me there. Had been to R.S.H. authorities about the programme of the P.M. I told him just exactly what was wanted & requested him to go with me to the Chief Minister. He promised. He did telephone to the C.M. and took an appointment with him for tomorrow. He also had a talk with the Chief Secretary on phone about the same affair and was told that in so far as he was concerned he had finished the work.

In the evening at 7.15 I went to Mr. Ambedkar at Mr. Jathia's place and had a talk with him about the programme of the P.M. Urged him to see that the P.M. was not at all taken to Sambra (Belgaum). If they did not like that idea they should at least take the P.M. only once in this trip. The best course would be to change the programme in such a manner that he took his plane at Bangalore instead of at Sambra as is now decided. Mr. Ambedkar was willing; but we had to discuss it with the C.M. the next day. Ambedkar agreed to give time to A short Nagar programme. That also was to be placed before the C.M.

Mrs Bhagwat and Rao were in the Hospital as usual. Chakati, Ramrao of modern Motors, Ramrao Shirodkar, Gangula were present. After they visited all sections they went to the Reading Hall. Tea was served there. Umakar thanked them for having paid the visit. It was on 4-7-49 that Prithviraj and some of his friends had visited the Women's Hospital. His remarks written on that day by Prithviraj were read by him to those who had assembled there. He praised the efforts of Dr. Mahajan and said that he was sorry to hear that she had sick leave at Ghatapratha. He expressed his desire to see that the Hospital remained a small one but the services rendered became more and more efficient. He wanted the workers to pour their heart in the work which they had made their own. Prithviraj and his party remained there upto 7.30 P.M.

Mrs. Prithviraj wanted a batch of ten girls to be sent to their drama daily until they were in the city, thus allowing all girls to see once a performance. That was indeed a very good offer she made.

A receipt for the same was given passed. Prithviraj left for Sholapur at about 11 A.M.

How Prithviraj could remember Dr. Mahajan whom he had met only 3 or 4 times when he was here last time in '49 and once only in Bombay in the Opera House was a wonder. She had no occasion to meet her after that. The remarks that he had written in the Visitor's book are worth reading. He has correctly gauged the situation and studied the personality and studied the institution.

Oath taking ceremony took place today in the Rajya Sabha. 34 minutes were spent for this first
New members (including those who were
reelected) were sworn in. I was one of them who
had retired but reelected. A few persons whom
I know well and who have been working for the
cause of nation for a long time now have come to
Rajya Sabha as its members. It is a pride indeed
for a man like me to associate with them and be
benefitted by their company.

New Delhi

Dr. Partha narayan leaves Delhi this morning by the Grand Express for Nagpur.

Diwakar, Mohare and Karmarkar — all came early at 7 A.M. today just to have a chat. Diwakar who was in town was to return to Patna this A.M.

Mohare and I went to Dr. Keskar's at 4 P.M. Mr. V. Nimbkar of Bombay arrived today. He too wanted to meet Dr. Keskar. We were all there for about an hour. Took our tea at his house. Then returned.

Radheya Shastriji had come. We all went to Radheya's house for tea. At 7 P.M. we reached Vimal to her school and then she went in search of K65, 3 Pilyrt Extension where Kamal was today. We found the house and Palekar in it but not Kamal. They are yet to come.

Then I went for dinner at Dr. Vishwanath's house on Canning Lane. Nimbkar is staying there with them.

Received photograph from Mahajan today. Seems he has suffered down much. The effect of long sickness is there yet; more rest + less work is necessary.

In a taxi to Nimbkar in 24 Canning Lane Board type writer in Karol Bagh. Did 90. Spent ½ an hour at Ghorpade's 14A/13 W.E.A. where typewriter stays. We went to Nimbkar's office in the same extension and spent ½ an hour ~~there~~ then. At about 12 noon I went to the Secretariat Office was there for about an hour.

Handed over Dr. Amrtrao's scheme regarding Research in T.B. at the K.H.I. to Dr. Benjamin Advisor for T.B. to the Govt. of India. Hope to succeed in getting some aid.

At 3.30 P.M. I had been to Mr. Raj Bahadur's office where the Director General the Senior D.G. of P and T. department were also present. Twenty beds were offered by the officers. The rate of some of the institutions studied and compared with ours. They wanted me to accept 1500 per bed per year. I gave my consent to them and said that I would at once write to them accepting their offer.

Kanen came to 10 Akbar Road at about 10 P.M. with Palekar and his mother-in-law.

At Haveri, at 10.35 A.M., after leaving Gangatai at Indirabai Khare's residence We went to the Travellers Bungalow and met Mr Hanmantaiah, Chief Minister of Mysore, and Mr K F Patil, the Dy. Minister of Bombay. The collector, the Dy. Collector & the D.S.P. were there. Mamlatdar also. We lunched at Mamlatdar's and went to see the N.V.F. Camp. Was there for one two hours. Inspected the Camp. As was raining heavily so, decided to stay there for long time. However, I had talk most of the information from the Commandant who was there. I think the name of the Commandant is Mr. Jonas. After taking tea at Indirabai Khare's house We returned to Hubli at 10 P.M. En route it rained heavily again. For two hours it was raining

Did go to the All India Radio and had a talk with the Asst. Station Director. Then for half an hour we went to Shri Allabux's Saw Mill. Rangaswamy was there. Ganguli and Raman had also come.

Had an informal meeting of some members of the Ly. Body of the I.W.A.S. Hospital at Umabai's residence: Shri Vamanrao Apte, Shri Devidas Madiman, Shri Sham Hublikar, Smt. Indutai Sirur, Smt Umabai Kundapur were present besides me. We were six — more than the quorum. After the discussion it was decided that Shri Devidas Madiman should be fully authorised to carry on Family Planning work. He should take help of those whom he likes from the Society members.

At 7 P.M. the present owner of the new Karnatak Mills came home. We were discussing problems affecting mankind as such. Hundred and one things we talked.

I was indeed glad to see the manner in which Vimal Kulkarni is developing. She is paying very good attention to her studies in the School. The help and Cooperation she offers to her Colleagues in the School is exemplary. She is certainly loyal to her institution and is disciplined. Looks alone to be of strong convictions. She is sentimental; emotional she is. Personally I would like her to study more and get experience of work that she desires to make her own. She needs guidance and financial support if she has to continue to study further let us see what happens.

Dwarka is coming and joining the Health School. at the close in October.

I was anxious to know about the conditions — whether ours was accepted or not. There were 3 questions which were uppermost in my mind. (1) Reservation. Is it sure that the rent of every bed as promised will be given inspite of its remaining vacant. (2) Bills shall be paid every month. (3) Complaints shall be attended to by the Nearest Officer who can come often and supervise. It was suggested that we write to the P.M.G. Bombay regarding the same. Today I got a letter from Kusum Lele of Bombay. ~~She~~ It was full of sorrow. It ~~made me~~ touched my heart and I decided to pacify her by writing at once. I did. "I am after all a Hindu woman. You can understand my feelings after all that has happened. My husband has married ten months ago, a German girl, who works in the same department as he does. All do address her as Mrs. Lele. How can I feel then? You are in a position to understand." It is too bad! the poor girl has to suffer. Of course, it is not possible for me to say anything at this stage about either Mrs. Lele or Dr. Lele. It is only 3 or 4 times now I have met Mrs Kusum Lele for about 15 or 20 minutes each time and I have had no occasion to ask her anything about herself in detail. So, I can not pin down blame to any one. Just the same I sympathise with Mrs. Kusum Lele and advise her to forget every thing that has happened in the past and begin a fresh life. That is the best in this world. I have accordingly written. Now let us see what she says.

Had gone to Hon. Mrs. Bhatia's residence, 47 Wellesley Road, at 10 A.M. Had a talk with her about Shrimathi Devaki, Vimal Kulkarni & other two girls who were in Hubli now undergoing training of midwifery. She showed her readiness to accept some of the girls coming from Karnatak for training and gave them Scholarships. She said that she may think of employing Vimal as a midwife for six months at least so that she may get some experience before she actually starts her work in rural areas.

Nimbkar arrived today. We met at Iyers. ~~We also dined there~~ and took our dinner there.

Afternoon visit at Mane's residence in Patel Nagar. The Communication Minister Shri Jagajivan Ram, Rajvolkar, Maratha, Bhide, Kulkarni, Rane and others had come. Rajamma, Vimal myself were together. This is the second time that I went to Mane's residence. First time, just to see his honour Raja, Gladys and myself had gone. His aged parents were there. I was indeed glad to see the way in which he (Mane) respected his parents and honoured them. Said on we see in these days people – especially youngsters respecting their elders. Indeed it is regrettable, but the fact is that.

Had been to Central Social Welfare Board's office at 11.15 A.M. and had a discussion with Kulkarni and Krishnan regarding Belgaum Project
